Our insurance company requires signed agreements. Please fill out, sign and return this form as quickly as possible.

Thank you!

YES! I want the best, most logical, most cost effective pest management plan there is! I understand and agree that: Coventry Pest Control (CPC) seeks to manage pests in the most environmentally responsible manner and that the Trimester Plan may involve many different approaches to pest management as alternatives to the application of chemical materials including inspections and professional advice. That applications and services are exterior only except as absolutely necessary at the discretion of CPC. That CPC may, at their discretion, visit my home in the spring, summer and /or fall for the purpose of helping to keep my home pest free and may help me manage pests according to what they deem the best course of action and that CPC may contact me by phone, mail or email from time to time. I agree to implement advice and instructions CPC provides to me. Each year is divided into three Plan Cycles (cycles) corresponding to Spring, Summer and Fall and that invoices will be delivered by mail or email at the beginning of each cycle. I agree to pay the invoices promptly when they arrive and to notify CPC immediately of any change that could possibly impact application decisions such as the addition of a family member (infant) or pet, health issues and similar considerations. I agree that CPC's liability for satisfaction, injury and / or damage is limited to the refund of any fees paid for the current cycle. I may cancel my plan at any time by paying any outstanding balances and then notifying CPC in writing prior to any new plan cycle, CPC may cancel at any time, with or without cause. Cancellation by either party must be in writing. If neither party cancels then the agreement will remain in force perpetually. CPC may modify the agreement at any time and that pricing is subject to adjustment annually and that CPC reserves the right to decline any application, agreement or renewal. This agreement is further subject to TMP Contract Details Terms and Conditions as posted on the CPC website. Please sign me up!

Current pricing quoted for my home or business is: \$_ _ per cycle.
